Live Workshops ARE BACK!
Is NETA the Best Choice For Me?

There are many organizations providing fitness certifications. So, how do you know if NETA is the best choice for you?

NETA has a long history of educating fitness professionals spanning over 40 years, longer than virtually all other certifying bodies in the industry. Our Personal Trainer and Group Exercise Instructor Certifications are accredited by the National Commission for Certifying Agencies (NCCA), and our growing list of specialty certificates will prepare you to lead specific class formats or guide clients on their unique health journeys.

When you select NETA, you are choosing a non-profit organization with passionate staff and educators who are ready to help you navigate a successful career. You will have the option to attend live, hands-on training and exam preparation workshops instructed by well-qualified professionals, or work at your own pace through our numerous self-guided home study and online options.

In addition, NETA offers the following:
• the most affordable NCCA-accredited certification programs in the fitness industry;
• over 1,100 continuing education and specialty certification workshops across the U.S. each year;
• a Yoga Alliance-approved 200-Hour Yoga Teacher Training Program;
• a wide variety of online specialty certification programs and e-learning modules;
• an experienced team of knowledgeable and personable presenters;
• group discounts and complimentary registrations for facilities that host NETA workshops; and
• a menu of over 125 home study courses, providing a convenient way to continue your education and maintain professional certifications.

Let NETA help begin and advance your career in the fitness industry! Contact us today!

Senior Power
Can and should older adults perform power training? YES! Power training is essential for maintaining activities of daily living and enhance functional capacity in older adults. In this workshop, you’ll learn all the critical aspects of a safe and effective functional power program for older adults, including equipment, technique, moves, and contraindications. POWER up your seniors!

Cycle 360
Online Module combines lecture, video, and hands-on activities to introduce you to self-myofascial release techniques utilizing foam rollers and small balls. Self-myofascial release helps to improve muscle function by promoting mobility, flexibility and restoring muscle balance. Walk away from this workshop with a greater understanding of both the fascial system and myofascial release and the types of techniques that can ease tightness, inflammation, and reduce injuries.

Kick It!
Help your participants kick and punch their way to a fun, challenging, and intense workout. This workshop will provide you with the knowledge and skills to teach and demonstrate basic martial arts techniques, create kicking and punching combinations, integrate martial arts-inspired agility and speed drills, and use those moves/combinations to design a high intensity workout for your participants.

Trauma Sensitive Yoga Practices
It’s estimated that one-third of participants in a mainstream yoga class have experienced significant trauma. In this workshop, yoga’s effects on the autonomic nervous system will be examined, as well as recommended practices and contraindicated positions. Class and instructor considerations will be addressed, providing participants with the insight to handle victims of trauma in a mainstream class. Trauma-Sensitive Yoga Practices is NOT a part of the NETA 200-Hour Yoga Program curriculum, and may only be used for continuing education credits. .5 ACE CECs
Ride + Renew
Fusion-classes have continued to gain popularity, as they offer participants the benefits of two formats in half the time. Ride and Renew combines the benefits of an intense cycling workout with counter-balancing yoga poses to restore the body. Learn the effects that high intensity interval training via cycling has on the body, and how to both maximize the benefits and counteract the stressors through the combination of cycle and yoga. Completion of either the Indoor Cycling Specialty Certification OR Yoga Foundations Specialty Certification OR experience in one of the formats is highly recommended prior to taking this workshop.

HIIT The Step
Dust off those steps that have been sitting in the studio closet and re-visit this tool in a new light. Participants in this workshop will discuss the benefits of aerobic versus anaerobic training, and how to use steps and risers in a fusion between traditional step movements and innovative high-intensity exercises. Upon completion of this workshop, instructors will be able to program and deliver a class that appeals to both traditional steppers and a contemporary crowd. .5 ACE CECs.
